PORTFOLIO

SKILLS

Front-End Technologies – HTML5, CSS3, JavaScript (ES6+), DOM, Events, Responsive UI, Flexbox, Grid, Basic React.js, Next.js, Typescript.

Back-End Technologies – Node.js, Express.js, REST API Development, JWT Authentication

Databases – MongoDB, Mongoose, SQL

Core Concepts - Authentication, RBAC, Routing, Middleware, MVC Architecture, Fetch API, JSON, API Security.

AI-Assisted Engineering- Skilled in leveraging ChatGPT Codex, Claude AI, Gemini, and Qwen to accelerate full-stack development, backend architecture, debugging, and rapid feature shipping.

Development Practices- Debugging, API Testing, CLI Operations, Deployment (Render/Vercel), SEO & Performance Optimization.

EXPERIENCE

❖ Full Stack Engineer | Nxerra Technologies (03/2025 – Present)

- Engineered backend-heavy enterprise applications with scalable APIs, RBAC systems, and compliance-focused workflows. Developed analytics dashboards, secure access-control systems, audit logging, and restricted-data architecture. Collaborated on high-performance admin/carrier modules with filtering, pagination, optimized querying, and workflow automation

❖ Off-Road SDS Associate | Amazon (08/2022 – 02/2025)

- Resolved 99% of delivery incidents within SLA while managing onboarding/offboarding operations with high accuracy. Trained 10+ associates, improving operational productivity by 70%. Earned 4 awards including Achiever of the Month, Superstar of the Month, Extra Mile Award, and MVP

PROJECTS

❖ Freight-Intel– Logistics Intelligence Platform | Live: [Freight-Intel](#)

Tech: React.js, TypeScript, Node.js, Express.js, MongoDB, Redux Toolkit, JWT Authentication, RBAC, REST APIs, Tailwind CSS

- Engineered a high-security MERN-stack logistics platform for centralized driver credential management and consent-based data sharing, building scalable REST APIs with JWT authentication, granular RBAC authorization, middleware-driven access control, audit logging, dispute resolution workflows, and time-bound restricted-data access architecture. Developed performant admin, carrier, and driver dashboards with optimized MongoDB querying, advanced filtering, pagination, analytics workflows, and secure document and credential management systems to support compliance-focused operational workflows within the transportation industry.

❖ **Camellia – Full-Stack Property Listing Platform (Airbnb-Style)**

 Live: [Camellia Live](#)  GitHub: [Camellia GitHub Repo](#)

Tech: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, EJS

- Built and deployed a full-stack property listing platform with secure authentication and role-based authorization using Passport.js. Developed RESTful APIs for listings, users, bookings, reviews, and ratings with Express middleware. Implemented full CRUD operations with ownership-based access control and image upload support. Designed optimized MongoDB schemas using Mongoose and deployed on Render with secure environment variables.
-

❖ **Therapist Portfolio Website – Responsive Next.js Application**

 Live: [Therapist Portfolio Website](#)  GitHub: [GitHub Profile](#)

Tech: Next.js (App Router), React.js, Tailwind CSS, JavaScript

- Developed a fully responsive therapist portfolio website using Next.js App Router and Tailwind CSS. Built reusable components and optimized performance with static rendering and SEO-friendly metadata. Designed accessible mobile-first layouts with consistent typography and spacing
-

❖ **Smart Weather App – React Weather Application**

 Live: [Weather App Live Demo](#)  GitHub: [Weather App GitHub Repo](#)

Tech: React.js, JavaScript (ES6+), HTML5, CSS3, OpenWeather API

- Built a responsive React weather app fetching real-time weather data using async/await
 - Implemented state management, error handling, and dynamic UI updates based on weather conditions
 - Deployed on Vercel with optimized performance and cross-device compatibility
-

Education Highlight

❖ B.Tech – Budge Budge Institute of Technology (MAKAUT) | CGPA: 8.62 (2017–2021)

❖ XII (ISC) – St. Joseph And Mary's School | 66.5% (2017)

❖ X (ISCE) – Orient Day School | 67.0% (2015)
